U. S. Areas Hit by Snowstorm, Cold Spreads

By THE ASSOCIATED PRESS

Bitter cold weather moved into the northeast sector of the nation today after a storm dumped up to a foot of snow in parts of Virginia and Tennessee before it whirled into New England.

A 12-hour snow storm spread a 6-inch carpet on the resort city of Atlantic City, N.J., coating the boardwalk and area highways with ice. Only one-half inch of snow was reported 40 miles inland.

Colder weather spread into up-state New York and northern New England. Watertown, N.Y., recorded -14; Massena -8; Oneonta -7; New England readings hovered -14; Massena -8; Oneonta -7; Albany 1 above. In northern New England readings hovered around zero.

The storm that moved over southern New England ended in the western sections about dawn. Early in the morning, Nantucket, Mass., measured 8 inches of snow. Boston had 2 inches and Providence, R.I., had 4.

Fairbanks, Alaska, warmed up to 2 degrees above zero today from -25 a day earlier. Thermal, Calif. recorded 78 degrees Monday.

Many schools in Virginia, Tennessee and Maryland were ordered closed because of the snow. Traffic was slowed and driving conditions were hazardous in many parts of the snow and rain belt.

There was a foot of snow in southwest Virginia and in mountain areas of Tennessee. Six to 8 inches of snow covered the ground in southern Virginia, with 4 in Richmond and 3 to 5 inches in areas east of Richmond.

Schools in 24 counties and 3 cities were closed. In addition to the 12 inches of snow in mountain areas in Tennessee, 1 to 4 inches was on the ground in the extreme eastern sections. Schools were ordered closed in Johnson City and four counties.

Some schools were closed in the eastern half of Maryland, hit by a 3-inch snowfall. Nearly four inches of snow fell in parts of lower Delaware, including Dover, the state capital, Georgetown and Bridgeville.

Snowfalls in Georgia ranged from nine inches in mountain areas to 4 to 7 inches in northern areas.

More than six inches of snow hit Atlantic City, N.J., during the night but smaller amounts were reported north and south of the Atlantic Ocean resort. Snowfalls measured 4 to 8 inches in western sections of the Carolinas. Rain fell along coastal areas, with some sleet and gusty northerly winds as the storm moved northward.

Fog snarled air transportation in Washington over the New Year holiday period and again blanketed coastal areas of Northern California.

Experiment Station report for 24-hours ending at 6 p. m. January 1, High 45, Low 32 degrees.

Arkansas Regional Forecast By THE ASSOCIATED PRESS

Central Arkansas: Partly cloudy learned of Magnet Cove's alleged trespassing Wednesday. Warmer this afternoon and Wednesday after-noon. Continued cold tonight. Mining tunnels but the inspection Thursday increasing cloudiness was thwarted by cave-ins. Nation-ally and warmer with a chance of rain. At Lead than conducted the survey. High today mid 40s to low 50s. To determine the extent of Magnet. Low tonight mid 20s. High Cove's trespass, the suit said. Wednesday low to mid 50s.

Northeast Arkansas: Sunny and warm this afternoon. Fair and not much temperature change tonight. High today 40-45. Low tonight 25-30. Increasing cloudiness and warmer Wednesday. High Wednesday low 50s. Thursday cloudy and mild with rain likely.

Northwest Arkansas: Sunny and warm this afternoon. High today 42-47. Fair and not much temperature change tonight. Low tonight 25-32. Increasing cloudiness and warmer Wednesday with rain like-ly Wednesday night. High Wednesday low 50s. Thursday cloudy and mild with rain.

Southwest Arkansas: Sunny and warmer this afternoon. Fair and not much change in temperature tonight. High today 45-55. Low to-must present their title (pink) night 28-35. Increasing cloudiness and warmer Wednesday with rain like-ly late Wednesday night. High that personal property has been assessed for 1962.

Radio Out on Cargo Vessel

NEW ORLEANS, La. (AP)—A general cargo ship, the Catalina S., reported it was drifting without power in the Gulf of Mexico today, then its radio went dead.

A Coast Guard plane later located it 150 miles west of St. Petersburg, Fla.

The pilot radioed that the vessel was dead in the water and another commercial vessel, the Irish Ash, was en route to assist. The Catalina S., is a 2,407-ton ship of Panamanian registry. Her destination was not available.

The pilot radioed that the vessel was dead in the water and another commercial vessel, the Irish Ash, was en route to assist. The Catalina S., is a 2,407-ton ship of Panamanian registry. Her destination was not available.

Then he went to the aid of the injured man, who said, "Get me a doctor, I'm hurt bad."

Brewer ran 100 yards to his home to a telephone, and when he returned, the burglar was gone, apparently dragged away by his partners.

Deputy Sheriff Lee Baker told the story Monday after announcing that a wounded man had been admitted to a Memphis hospital and was a suspect in the case.

Baker said he had leads on two more men whom he expected would be implicated in the attempted burglary.

Brewer heard the men in the store over the intercom system, which connects to his house. He sneaked up on them and opened the door with a .45 caliber automatic.

One escaped but the other was shot as he plunged through a plate glass window. He lay outside the store and that's when he told Brewer to phone for a doctor.

Brewer called police instead, when they arrived, they found a pair of glasses and some change in a path where the injured man apparently had been dragged 200 yards to a waiting car, Baker said.

Apparently Brewer foiled the burglary attempt, Baker said.

Brewer's store, a combination grocery, pawn shop and meat market, is located four miles south of Manila on U.S. Highway 77.

Million Dollar Damage Suit Filed at Spa

HOT SPRINGS, Ark. (AP)—The National Lead Corp., filed a \$1 million damage suit against the Magnet Cove Barium Corp., in U.S. District Court here today.

The suit alleges underground trespass on National Lead property by the Magnet Cove firm. Both companies conduct mining operations near Magnet Cove in nearby Hot Spring County.

In addition to the \$1 million, the plaintiff asks compensation for barite ore allegedly removed from its property by the defendant and for \$10,740 to pay for a survey of Magnet Cove's underground operation.

National Lead said the survey showed at least 35,329 tons of ore, worth \$25 a ton, have been removed from beneath its land.

The suit said National Lead said said company officials would decide later on the firm's next step.

Sokol said, however, that any striker will be welcomed back until the time he is replaced.

About 100 strikers gathered at the plant today to jeer at report- ing employees. Hot Springs police said several incidents were reported to police last night of re- being thrown at non-strikers' automobiles. Similar incidents were reported last week.

Sees Victory for Racial Equality

NEW YORK (AP)—Roy Wilkins, executive secretary of the National Association for the Advancement of Colored People, predicted victory for the cause of racial equality.

"I think we're going to win," Wilkins said Monday night, "because of the help we have, because the American people are for Negro has faith in himself."

Some 1,000 persons attended a dinner honoring Wilkins for his 30 years' service with the association.

Foundation Drive Proclaimed

THE MARCH OF DIMES DRIVE FOR HEMPSTEAD County was officially proclaimed here in January as Mayor Frank Douglas signs while Mrs. Lura Mae Impson, County Chairman, watches. The drive will continue throughout the month.

Train-Truck Collision Hurts Driver

By PETER GROSE

MALVERN, Ark. (AP)—A spectacular collision between a freight train and a trailer truck left the truck driver seriously injured and holiday traffic snarled on main artery U.S. Highway 67 Monday.

New Year's Day traffic stacked up southwest and northeast of the crossing, located about one mile south of Malvern. A railroad wrecking crew finally cleared the tracks enough for traffic to trickle through, but the cleanup job wasn't expected to be finished until today.

For one thing, a giant diesel engine still lay in a ditch beside the tracks where it plunged after colliding with the truck. The engine carried the cab of the truck with it and the truck driver, James Brabson, 47, Negro of Athens, Tenn., was seriously injured. He was taken to a Malvern hospital.

The train crew escaped injury, Sheriff Milburn Gill said. The Rock Island Railroad freight was pulling a string of flat cars loaded with pulpwood. The second engine derailed on impact as the first one went into the ditch.

The truck, owned by the Tennessee-Georgia Co-Op Shippers of Dalton, Ga., was loaded with packages of dried fruit. Sheriff Gill said the train hit the truck broadside.

Ultimatum Ignored by Strikers

HOT SPRINGS, Ark. (AP)—A back-to-work ultimatum was largely ignored today by striking workers at the National Rejectors Co. plant.

Eric L. Sokol, plant manager, said the number reporting back was not what he expected but a few more employees were working today than last week when an estimated 75-80 continued on the job.

The plant's 280 employees struck Dec. 5 as the result of a wage and contractual dispute between the United Steelworkers Union and the company.

The firm notified strikers by registered mail on Dec. 23 that they would be replaced if they did not report back to work today.

Sokol said company officials would decide later on the firm's next step.

Sokol said, however, that any striker will be welcomed back until the time he is replaced.

About 100 strikers gathered at the plant today to jeer at report- ing employees. Hot Springs police said several incidents were reported to police last night of re- being thrown at non-strikers' automobiles. Similar incidents were reported last week.

Some 1,000 persons attended a dinner honoring Wilkins for his 30 years' service with the association.

Katanga Is Admitting to Losses

By PETER GROSE

LEOPOLDVILLE, the Congo (AP)—Katanga President Moise Tshombe has conceded the loss of the north Katanga stronghold of Kongolo to troops of the central Congolese government but claims his forces have beaten off Congolese attacks at Kapona, south of Baudouinville.

Tshombe charged at a news conference Monday in Elisabethville that 13,000 Congolese troops advancing on Kongolo had murdered hundreds of civilians and burned villages.

He claimed that the Congolese abandoned heavy equipment and fled in the face of strong Katanga resistance at Kapona. The secessionist leader said both sides suffered heavy casualties there, asserting that most Katangan casualties involved civilians.

Tshombe also declared that he has rejected an order by Congo President Joseph Kasavubu that the Katanga Assembly convene Wednesday in Kamina under U.N. protection.

He said he had informed the U.N. Command in Elisabethville that the order for the Assembly to meet and ratify Tshombe's Katanga unity agreement with Premier Cyrille Adoula was "a violation of the Congo constitution" and "an abuse of power."

Tshombe has summoned the assembly to meet in Elisabethville tomorrow to discuss the Katanga agreement. But he said he was no longer sure the meeting would be held on schedule.

The U.N. Command announced that Bashiri tribesmen in Kivu Province had killed at least 12 of their tribal enemies while trying to elect a new chief.

A U.N. spokesman said a Mayayan patrol halted the bloodshed but that reports from the patrol indicated the death toll may actually be much higher. The U.N. spokesman was unable to say whether the chief had been elected.

The revenue office at Hempstead Courthouse was a busy place this morning with motorists crowding in to get their auto tags.

Some folks simply like to buy their cars to get a low or favored number. License plates this year are white with blue numbers.

The Golden Age Club will meet Thursday, Jan. 4, at 2 p. m. at the Youth Center. All members are asked to start the new year right by being present.

Hope Barracks 539 (white) elected J. J. Honeycutt, barracks commander; Floyd Crank, quartermaster; B. C. Hollis, adjutant at a meeting Dec. 31. They will be officially installed January 11 at 2 p. m.

This is a political year and reports are already coming in that Roy Wilkins, president of the National Association for the Advancement of Colored People, will definitely be a candidate for the office of chancellor for the second division of the 6th Chancery District.

It is reportedly ready to toss a hat into the ring for Circuit Clerk, now held by Jennie Russell.

Mrs. Hilda Chaff has been named

Dutch Willing to Talk With Indonesia

By NEL SLIS

THE HAGUE, Netherlands (AP)—The Dutch government announced today its willingness to discuss the future of West New Guinea with Indonesia without setting conditions beforehand.

Premier Jan de Quay read the government declaration in the lower house of Parliament at the start of debate on West New Guinea, last remnant of Holland's East Indies colonial empire which Indonesia has threatened to invade.

President Sukarno Monday proclaimed the disputed territory a province of Indonesia and ordered a special military command set up to direct the invasion if he orders it.

De Quay said the Netherlands is willing to enter into negotiations without making self-determination of New Guinea's Papuan population a prerequisite. Previously the Dutch had said they would negotiate only if the Papuans were assured the right of self-determination.

The Labor party opposition had been pressing the government to announce willingness to relinquish the territory and then to negotiate for some autonomy for the Papuans.

Foreign Minister Subandrio of Indonesia recently said Indonesia might consider giving West New Guinea "a great measure of autonomy."

Castro Scared by Invasion, Latin Says

GUATEMALA (AP)—President Miguel Ydigoras says last April's invasion of Cuba by forces trained in Guatemala so frightened Fidel Castro "that his warlike activities outside Cuba ceased since that date."

The Guatemalan president, disclosed officially in a New Year's message Saturday night for the first time that anti-Castro Cubans were trained in Guatemala.

"President Kennedy still has the responsibility of a sequel," he said.

He did not explain that statement clearly, but went on to say: "The Bay of Pigs (scene of April invasion) was a victory, not a defeat, and he who begins under such auspices must go on with the great task of decommunizing that part of the American territory. There are signed commitments in South America."

Referring to the April invasion, he said Guatemala "encouraged thousands of exiled Cubans to fight to regain their own homeland instead of lamenting their ill fortune."

He said Guatemala reached an understanding with the exiled Cubans and "they entered into arrangements with a friendly government able to give arms and sustain training and a military campaign."

A secret training base was set up in Guatemala and another operated openly, he added.

W. A. Boyce, 32, Dies on Hunting Trip

Winifred A. Boyce, 32, Texarkana, died of a heart attack late Sunday while hunting near the home of his parents, Mr. and Mrs. L. A. Boyce of Spring Hill. He had lived in Texarkana about 11 years and was a member of the Baptist Church.

He is also survived by his wife, Mrs. Mary Boyce, two sons, Michael Allen and James Randall and two daughters, Patricia Lynn and Sandra Kay Boyce at home; his parents, a brother, Lester of Hope and three sisters, Mrs. Klavia Wagner of Knoxville, Tenn., Mrs. Ola MacRider and Mrs. Millie Harkins, both of Texarkana.

Services will be held Wednesday at Highland Park Baptist Church at Highland Park at the Rev. Fletcher Egan. Burial will be in Runzo Memorial Park.

Car Damage in Minor Accident

This morning on South Grady Associated Press made a survey at Garland School a bus driven by day weekend, from 6 p. m. Friday, Mrs. B. J. Westbrook called day, Dec. 8 to midnight Monday, with only light damage to the Westbrook car, according to City file, 42 in fires and 37 in the miscellaneous group, a total of 416.

City Administration Quite Proud of Accomplishments During the Past Year

The year 1961 has been a busy year for the city government's organization. Quite a lot of work has been done on programs which were planned and underway before the year began, and some have been completed for work which will begin in 1962. The Planning and Zoning Commission completed a planning job which was started back in 1958.

That year the city entered into a contract with the planning Division of the U. of A. for developing a complete master plan for city development.

After almost three years of work and many hours of meetings and study of local conditions, the Planning Commission has completed with the assistance of the University team, a plan for future development of the city. The completed program includes a master plan for street development, a comprehensive zoning plan which could provide orderly growth of the city and the surrounding area and a land use plan which could provide for orderly development of the industrial growth.

In the first months of 1962, the Planning Commission will hold a series of public hearings on the proposed plans after which they will be presented to the city officials.

The study included a check of all housing conditions in the city and marked out areas which are in need of rehabilitation and general cleanup. And application is being filed with the federal government to obtain assistance under the Urban Renewal program.

This program provides federal assistance of \$3.00 to each \$1.00 of local money spent in this kind of work. To obtain assistance under this program, all the planning that has been done by the Planning Commission is necessary before the federal government will participate to the fullest extent on local renewal problems.

The Electric Department is in the process of rebuilding the entire electric distribution system, converting it from a 4,100 volt system to 13,800 volts. This rebuilding program has been underway for the past 2½ years and is now about 60% complete. Also in this program is included a heavy high voltage line which will completely circle the city and could provide service of several thousand horsepower to any industry located around the perimeter of Hope.

Work this year includes rebuilding the rural lines on Highway 67 East, Rocky Mount Rd., Highway No. 4 South, Shaver Springs Rd., and the southern part of the city. During the year, high voltage lines were built into the industrial area from the city light plant east to the Hope Brick Works and all the industries in that area are now served by the higher voltage system.

Some additional work was done on the main loop which will eventually circle the city. In addition to the conversion work in the system, the Electric Department installed 56 new mercury vapor lights to further extend the new lighting system and installed new street lights in all the newly annexed areas of the city, together

Death Toll Surpasses Estimate

By THE ASSOCIATED PRESS

Traffic deaths during the New Year's holiday pushed the final toll of traffic deaths beyond the National Safety Council's preholiday estimate.

At midnight Monday, when the three-day holiday period ended, federal income tax returns, the count of traffic fatalities stood Mortimer M. Caplin, commiss- at 335. In addition, there were 83 shoner of internal revenue, said deaths resulting from fires, a record today that because of the normal for a New Year period since filing deadline of April 15 is a World War II, and 59 deaths at Sunday this year, the deadline (dated to miscellaneous acci- will be extended until midnight ents. The over-all toll from traf- Monday, April 16.

By law, returns must be received at IRS offices before the deadline. In practice, the bureau which has estimated that 330 per- cent recognizes as timely any return filed after the deadline.

Says JFK Has to Carry Fight in Congress

By JACK BELL

WASHINGTON (AP)—Senate Democratic leader Mike Mansfield of Montana said today President Kennedy is going to have to carry a heavy political load in the session of Congress ahead.

Mansfield said in an interview he is preparing for a difficult session in which he expects "the toughest kind of battles" over key administration programs.

"We are going to miss Speaker Sam Rayburn, who did so much to get the administration program moving in the 1961 session," Mansfield said. "The burden on the President to help get his proposals approved is going to be heavier than ever."

Mansfield expressed confidence the Senate will approve a liberalized international trade program and a measure to provide medical care for the elderly through the Social Security system "if we get the chance to act on them."

He said it would be only a futile gesture for the Senate to consider such measures unless they first are passed by the House.

Mansfield indicated he thinks Kennedy is going to have to pull out all the stops to get House acceptance of his proposals in these controversial fields.

Just how much Republican support Kennedy will be able to enlist in an election year when 37 Senate seats and all House memberships are at stake remains a big question.

Republicans who class themselves as liberals gave Kennedy some key votes in both houses in 1961.

GOP liberals who are running again could be influenced to some extent by the contentions of House Republican Leader Charles A. Halleck of Indiana and Senate Minority Leader Everett M. Dirksen of Illinois that there is a swing toward conservatism.

Dirksen already has made it clear that budget-balancing will be a major GOP objective.

Court Takes Up Routine Cases

LITTLE ROCK (AP)—The Arkansas Supreme Court met today to take seven routine cases under submission, but it did not hand down any opinions.

The meeting was the first for the high court since it recessed for the holidays Dec. 18.

Opinions will be handed down next Monday.

JFK, Johnson Holding Policy Conferences

By WHITNEY SHOEMAKER

PALE BEACH, Fla. (AP)—President Kennedy holds policy-framing conferences today with Vice President Lyndon B. Johnson and top defense officials.

The vice president was scheduled to arrive in early afternoon from Johnson City, Tex. Secretary of Defense Robert S. McNamara, Deputy Secretary Roswell L. Gilpatric and Gen. Maxwell D. Taylor, Kennedy's personal military adviser, were also due here for a later afternoon meeting on the nation's security status.

From all appearances, they intend to go over the preparedness situation which Kennedy has depicted as giving the West an overall edge on the Communists.

White House press secretary Pierre Salinger said the meeting would not directly concern the defense budget, which is likely to absorb more than half the President's anticipated \$92-billion spending proposals for 1962-63.

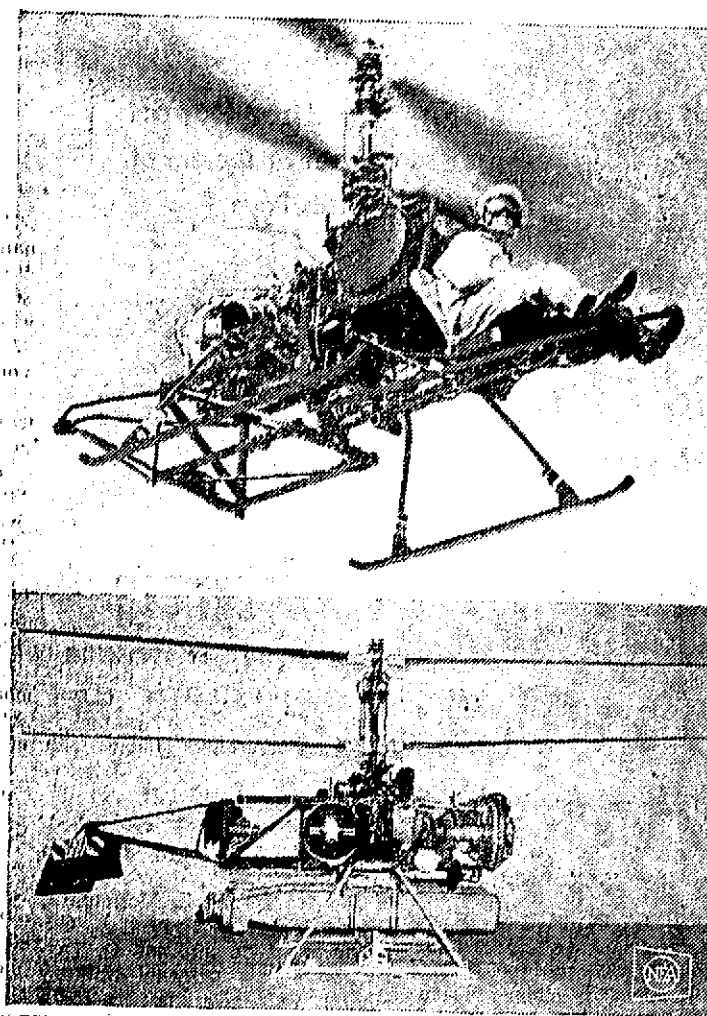

Neither, Salinger said, was it called to make a decision on whether the United States needs to resume nuclear testing in the atmosphere.

The discussions will continue Wednesday after the arrival of the Joint Chiefs of Staff.

The entire Kennedy family was heartened by word that the head of the clan, Joseph P. Kennedy, 73, is making such improvement from his stroke that he was able to leave his hospital bed for a short period in a wheel chair. The President and other members of the family visited the elder Kennedy Monday at St. Mary's Hospital in neighboring West Palm Beach.

The chief executive spent a quiet New Year's Day, cheated by foul weather from his usual cruise on Lake Worth.

He made public a report from At

SUB SINKER—A new weapon against enemy submarines is nearing the operational stage. This is the DSN-3, or DASH (Drone Anti-Submarine Helicopter), shown in bottom photograph with two dummy torpedoes. In top photo, a manned version is given a test flight. The remote-controlled DASH, built by Gyrodyne Co., is powered by a 270-h.p. gas turbine engine. It will be carried aboard specially outfitted destroyers. When the ship's sonar gear picks up a sub many miles away, the DASH will take off and drop long-range homing torpedoes, which will seek out the sub.

City Adm.

Continued From Page One

With some additional street lights in the old residential sections.

To date about 55 miles of rural line has been rebuilt which brings better service and voltage to the rural areas. During the year, a new line truck, equipped with a power operated boom, was added to the line department and a 12-ton service truck was replaced.

The Electric Dept. is doing all the rebuilding work with their own forces and are paying cash for all the equipment. During the year, \$108,000 was spent in the rebuilding program of the electric system.

The Water Department installed over 4,000 feet of new water mains bringing fire protection to the new, annexed areas of the city and to properties located on Highway 21 south, Putnam Road, Pinesburg St. and the Rocky Mount Road. Most of the work was a part of the plan for water system improvement which was started two years ago.

The entire job included the installation of a 500,000 gallon overhead storage tank and several thousand feet of 8 and 12 inch water main. Largely as a result of these water system improvements, Hope's fire rating has improved. This year the Arkansas Rating Bureau rechecked the city's improved fire rating. Water system improvements for the year amounted to \$14,000.

Engineering plans were completed during the year to replace a large part of the old system of sewer main lines, some of which have been in service for over 50 years.

The estimated cost of this work was \$210,000. The city sold the bonds and has obtained the money for this work, which is scheduled to begin about March 1st of next year and should be completed during the summer. Bonds issued for payment of this work are revenue bonds to be paid from sewer revenues.

The biggest news in the Fire Dept. for 1961 was the improved fire rating which the city received. For years Hope has been on the verge of being rated as Class 7. Improvements in the water system and the Fire Dept. in the past two years have been reflected in the credit given the city in the inspection conducted this year by the Arkansas Rating Bureau.

The city is now firmly in Class 6 and in a position to work for a Class 5, which would greatly reduce insurance premiums for the entire city.

The Hope Fire Dept. which is rated as one of the best small town units in the state, went through a period of training during the year to further improve their efficiency. Two men out of the department attended the Fire Dept. Instructors Conference at Memphis and one man attended the Instructors Conference in Little Rock.

Each member of the Hope Department, including the volunteers, got the full two weeks of training.

The Department held a Junior Fire Marshalls Training Course for the Junior Fire Marshalls in the Hope school system and also held a Fire Prevention program for all the school children in addition to routine monthly meetings and quarterly inspection of the business district.

During the year, a modern and complete system of street marking has been installed. The work is about 95% complete and will provide the city with street signs at every street intersection showing the block number. The signs are made of sealtchite reflective material which can be easily read at night. This was a cooperative effort of several departments. The street name plan was worked out by the Planning Commission. The Water and Light Commission purchased the material for signs and sign posts from funds of the utility department.

The signs were made by the Fire Dept. and were installed by Street Dept. employees under the supervision of the Supt. of the Sanitation Dept. This gives Hope the most complete street marking system of any small city in the state and may well be the best for any city. During the year, the Street Dept. resurfaced about 60 blocks of streets which has been an unusually heavy program of this type of work.

The department also paved several blocks of new streets which were paid for by the property owners which amounted to \$5,000. This department purchased one new dump truck. The work program outlined for the coming year will include additional street

American Pardoned

MANILA (AP)—William Pom-
eroy, an American pardoned after
serving nine years in prison as
a convicted leader of the Commu-
nist Huk rebels, was held on an
island in the Manila port area to-
day, awaiting deportation as an
undesirable alien.

lighting in the whiteway system
and the continuing of the rebuild-
ing program in the electric distri-
bution system.

The sewer work will be under-
way and will require considerable
street maintenance and repair as
the work progresses. A federal
urban program and a clearance
project will be submitted to the
federal government for approval.
This program could entail a lot
of construction work and rebuild-
ing of old structures along with
street improvement and improve-
ment to the utility systems.

Thursday, Jan. 4
The Gardenia Garden Club will meet in the home of Mrs. Lyle Mahen Thursday, Jan. 4, at 2 p.m. Co-hostesses will be Mrs. Harry Couch and Mrs. Fred Glanton.

Liberty Hill Home Demonstration Club will meet Monday, Jan. 1 at 2 p.m. in the home of Mrs. Irvin Betts.

The Eastern Star will meet on Thursday night at the Masonic Temple at 7:30. There will be an initiation and all members are urged to be present.

Monday, Jan. 15
The annual joint meeting of the WSCS Circles and the Wesleyan Service Guilds at the First Methodist Church has been postponed until Monday, Jan. 15 at 7:30 p.m.

Saturday, Jan. 6
The Friday Music Club will have a covered dish luncheon and an opera listening program at the Hope Country Club Saturday, Jan. 6 beginning at 12:30 p.m. with Mrs. W. A. Williams and Mrs. G. G. Medders as hostesses.

Friday Bridge Club Meets
Mrs. C. P. Tolleson was hostess for her Friday Bridge Club meeting Dec. 29. A pretty dried arrangement was used as a focal point of interest.

After the two tables of club members had enjoyed the afternoon, the high scores were Mrs. C. C. Lewis and Mrs. H. C. Whitworth. A sandwich plate was served with coffee for refreshments.

Miss Archer Feted
On Wednesday, Dec. 27, the day of her wedding to Lt. Don Ustry, Miss Margaret Ann Archer was feted with a luncheon at the Diamond by Mrs. Jim McKenzie and Mrs. V. H. Nix Jr. of Memphis.

The guest of honor wore a black cotton frock and pinned a pink gladiolus corsage at her shoulder. A foam wedding ring with pink carnations and white candles formed the centerpiece of the serving table.

Double ring place cards were used for the eight guests. The hostesses presented Miss Archer a gift of silver.

Bride-Elect Honored
Miss Margaret Ann Archer, bride-elect, was honored with a morning coffee Dec. 23 by Miss Jan Robison. The honoree pinned white roses to the shoulder of her woolen dress.

For the party, held two days before Christmas in the Robison home, Yuletide decorations were at vantage points throughout and cake, nuts and coffee were served to 12 guests, including Mrs. Hunter Long of Philadelphia.

A gift of silver was presented to the honoree by the hostess.

Coming and Going

Mr. and Mrs. Thomas Berry and family returned to Crossett Monday after visiting Mrs. C. C. Collins.

Miss Lanelle Fuller went to Little Rock Friday to join a group of friends for a trip to New Orleans, La. and the Sugar Bowl game.

Mr. and Mrs. Parker Rogers of Washington and Mrs. Cecil Weaver visited the Gary Burgesses in Hot Springs Saturday. Miss Mary Beth Rogers who has been visiting the Burgesses, accompanied them home.

Topics Listed in Current Science Study

By THE ASSOCIATED PRESS.

An antibiotic for plants, how a cockroach finds a mate in the dark, and frisky snowfleas are topics of scientific studies.

For Sickly Plants

Before long, farmers and fruit growers may be able to give sickly trees and plants an assist with a dose of a new wonder drug, an antibiotic for plants, now being perfected by British scientists.

From a patient screening of 8,000 soil samples, they turned up venturicidin which, if present tests prove out, will be produced as an agricultural spray. Venturicidin is an antifungus, although not an antibacterial, and seems to be harmless to animals.

So far, the scientists reported in Nature magazine, it has been found effective in stopping apple scab, barley mildew, broad bean rust, gray mold, cucumber mildew, and other plant diseases.

Cockroach Romance
A Harvard biologist has found out how cockroaches find a mate, in the dark.

When Dr. Robert Barth removed a pair of glands, called the corpora allata, from the necks of female cockroaches, the males ignored them. The glands, he explained, normally produce a hormone which triggers production of a chemical considered very agreeable by the male. When Dr. Barth replanted new glands in the females, they mated and produced normal eggs.

The female's odor, different for each species of cockroach, will attract nearby males.

Snowfllea Frolic

Don't tell the dog, but there's a hardy little gray-white insect called a snowfllea that thrives in subzero temperatures and hops with the best of them, although without accuracy.

Actually, snowfleas won't bother animals, but it can be a pest by invading cold-water pipes in houses and sometimes find its way into refrigerators. But, the National Pest Control Association reports, such invasions are infrequent and can be controlled by exterminators.

Snowfleas are a type of springtail, that is, insects possessing a pair of spring-like tails that can be tripped when quick distance is required. Snowfleas can hop as much as a foot. Trouble is, they don't seem to have any control over the direction their springs will take them.

Woman Observers 101st Birthday

MORRILTON, Ark. (AP)—Mrs. W. F. Kirkland celebrated her 101st birthday Sunday by attending church. She's still spry and she weighs 80 pounds. She attributes her longevity to "good eating and rest and no worries."

of Jackson, Miss. is visiting Mrs. John Wiggins and the Cecil Weavers.

Gerald Hicks Gilbert of Exeter, Calif., is visiting Mrs. Cecil Weaver, Frank and Carl, and William Gilbert en route to Pensacola, Fla. for duty as an instructor at the naval base there.

Mr. and Mrs. Don Davis and daughter, Brenda have left for Ft. Worth after spending Christmas with Mrs. Davis parents, Mr. and Mrs. Roy Britain.

Mr. and Mrs. Lawrence Walker of Dallas, Mr. and Mrs. Jesse Pickard of Hobbs, N.M. have returned home after spending the holidays with Mr. and Mrs. T. L. Lane.

Miss Sue Wesson returned home Friday after a month's visit with relatives in the east. She joined Col. and Mrs. Earl Houk in Dallas and flew to see Capt. and Mrs. William Houk and family in Washington, D.C. and Capt. and Mrs. William Diggs in Dover, Del.

Mr. and Mrs. C. C. Billings returned to Hope Monday from Little Rock where he has been a patient at the Baptist Hospital.

Mrs. Roy Prather and Maudy Della of Little Rock were Sunday visitors of Mrs. Steve Carrigan, who had spent the Christmas holiday with them.

Mrs. Helen McRae Barlow has returned from Lexington, Va. where she spent Christmas with Lt. Col. and Mrs. Hal Bilyeu and family.

Holiday Inns to Add Golf Greens

MEMPHIS (AP) — Holiday Inns of America, Inc., has announced that golf putting greens will be a feature of future new Holiday Inns. The first inn to be built on the new plans will be completed next summer in Little Rock. It will have 128 units and parking for 250 cars. The largest previous inn of the 9-year-old corporation was 109 units with parking for 125 cars.

Ft. Smith Plans Special Census

FORT SMITH, Ark. (AP) — Another special census of Fort Smith's population probably will be taken in June, City Clerk Carl Atkins said. The city held a special census in August, 1961, after the 1960 general census, and showed an increase of more than 3,000 persons.

DOROTHY DIX

Sister Blows Her Top

By HELEN WORDEN ERSKINE

Dear Helen: My 31-year-old brother is a moocher. He takes and never gives—from us as well as the whole community. They call him a bum, son of a free-loader. We're a decent family and how he ever came to be related to us is beyond me.

Last week he deliberately took money which my 17-year-old daughter had been saving for a special occasion. Then he lifted a guitar which he had given in payment for some of the numerous dollars he owed us. This really had me on the warpath. I raced to my sister's where he was staying and blew my top. Soon after he left town and, for a brief moment, we were all relieved. Alas, no! A couple of months and he was up to his old tricks. Now my sister and brother-in-law side with him. What an I do? Please print him. What can I do? Please print column. —Babe

Dear Babe: Family feuds are usually caused by a clash of personalities rather than actual issues. You present one side, your brother and sister may give another. Accept the fact that you don't get along. Go your way and let them go theirs. Blowing your top won't help. Your brother is probably too old to reform but nothing is lost by setting an example. Be happy in your own home life. Refuse to become involved in petty bickering.

Dear Helen: How long should a wife wear her wedding and engagement rings on her left hand after her husband's death? My Dad had been gone only five days when Mom switched her rings to her right hand. I think this was wrong when she and my father were happily married 32 years. To me it showed little respect for the man who had left her with a nice car and home. What do you think? —Saddened Daughter

Dear Saddened: There is no set rule for, or against, a widow betrothal and wedding rings to the right hand. I wore mine on my right finger eight years until my second marriage and now use the diamond wedding band as a guard

ring.
Dear Helen: I am a 15-year-old girl who lives in a town of 263 people. Some are good, some bad I pride myself and my friends as being among the good ones. Ten years of my life was spent in Europe. There I was free. Here, the teen-agers are different, so my mother thinks, and I'm not allowed to go out. When I ask why, she won't say. Other girls go and come with their boy friends but I'm not allowed to with mine. I feel so lonely. —A Stranger in a Strange Land
Dear Stranger: Children may have more freedom in Europe but not teenagers, especially the girls. If anything, your life would be more restricted there than here today. And it is this pattern which your mother is evidently following. However, she should explain why. Send a stamped, self-addressed envelope for my leaflet, "Sex Education For Teen-agers."

Send your problem to Helen Worden Erskine care of this newspaper. Be sure to enclose a stamped, self-addressed envelope. Helpful leaflets available. Write for "Don't Be Lonely."

Ask Palace Housing for Some Homeless

NEWCASTLE-ON-TYNE, England (AP)—A Presbyterian minister suggested today Queen Elizabeth should invite some of London's homeless to come and live in Buckingham Palace.

"There must be a great deal of spare room in the palace," the Rev. William Barbour wrote in his church magazine.

"I know if the queen allowed them unused."

people in need of accommodation to share her house many other people would follow suit."

There are about 3,000 homeless in London. The vast palace has more than 600 rooms, many of them unused.

Will Seek Income Tax Control

WASHINGTON (AP)—The Kennedy administration is reported to be seriously considering asking Congress to give the President authority to increase or reduce income tax rates as a hedge against inflation or recession.

The proposal, sources said Monday, may be presented in one of President Kennedy's major messages to Congress this month. Presumably it would be apart from the White House's tax revision program.

Behind the plan is the knowledge that getting tax legislation through Congress is very often a drawn-out business. The informants said that by the time a tax bill has been written, put through hearings, amended, passed and signed, a recession could slide into a depression.

Although details were withheld,

the plan was said to provide for presidential authority to cut the basic 20 per cent rate to possibly 15 per cent for a limited period only—perhaps, for six months—with the cut subject to congressional veto.

Didn't Steal But \$10 Was Missing

LITTLE ROCK (AP) — A blonde little girl—whose age was estimated at between 12 and 14, walked into a service station and opened the cash register Sunday. "I didn't steal any money," she said, when Platus Harrah, the operator, questioned her. He took her name and address, and when she left he found \$10 missing from the register. In its place was a note that said, "Yes, you are going to be robbed tonight."

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made

astounding statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H. At your drugist. Money back guarantee.

NAACP Plans 2-Year Drive in Pine Bluff

PINE BLUFF, Ark. (AP)—The National Association for the Advancement of Colored People is preparing a two-year drive against segregation in housing, jobs, voting and transportation.

George Howard, a Pine Bluff attorney and president of the Arkansas chapter of the NAACP, said in a speech Monday that his organization will institute a program to determine why more Negroes aren't employed by the state Employment Security Division and by the state and county welfare departments.

He spoke at the 99th commemoration ceremonies of President Abraham Lincoln's Emancipation Proclamation, which freed the slaves.

Meanwhile in Little Rock, the Little Rock and North Little Rock NAACP chapters celebrated the same event and passed a resolution to seek employment for Negroes at food and drug chain stores in the area.

The resolution said that 50,000 Negroes in the Little Rock area spend about \$4 million annually, much of it for consumer goods.

And people who purchase consumer goods, the resolution said, should be entitled to equal employment opportunities in their production and distribution.

The resolution also called for equal opportunity in employment in the federal, state, county and city governments.

Howard said the NAACP will ask the President's Committee on Equal Employment Opportunities to investigate causes of job discrimination against Negroes where government contracts are involved.

He said the NAACP has no specific plans for pushing school integration further in the immediate future, but that it would assist parents involved in desegregating schools in their communities.

Howard said Arkansas Negroes will be urged to buy poll taxes, especially in April and September of the next two years. He said that of the 107,626 eligible Negro voters in Arkansas, 72,604 bought poll taxes during 1959.

Physician Dies at Atkins, Ark.

ATKINS, Ark. (AP)—Dr. Walter Cale Sr., 70, a physician and surgeon, and former mayor of Atkins, died Monday at his home. He was a graduate of the University of Tennessee School of Medicine and had practiced in Yell County before moving here in 1931.

The earliest recognized inhabitants of North America are Paleo-Indian and Archaic Man in the United States and Tepepan Man in Mexico. They go back 10,000 to 20,000 years.

TALK ABOUT GAS MILEAGE—This car goes a long way on a thimbleful of gasoline—if somebody pushes it. The car has no engine, no transmission. They were removed by car strippers working in Fort Worth, Tex. The car was stolen from a dealer's lot and, after recovery, car salesman Cleston Moore stands where engine used to be. The car had been driven but seven miles when stolen.

THE STORY: The Marquesa refused to build a road past The Snail, a villa Dennis Campbell has rented. But Dennis is an undaunted Englishman.

Chapter VIII

The Snail was a dark, old villa with large rooms and narrow windows, built with iron grilles. There was a wide terrace, however, and the building was fairly reliable. We sat outside overlooking a large garden which needed attention badly.

The hedges of dwarf cypress hadn't been clipped in months, and their coarse irregular fronds shifted sluggishly with the wind. I said, "Now listen, Dennis, let me repeat my first advice. Don't waste your time in Spain brooding about this place."

"That's easy enough for you to say. You're not the one being and quiet."

"You sound like some squeaking adolescent. Who's laughing at you?"

"She is," Dennis gestured violently toward the Marquesa's villa. "Didn't you see her? Smiling at the odd Englishman? Teasing him? I imagine she'll date me on this for weeks."

"I didn't get that impression. But maybe you deserve it. You haven't exactly behaved like a frangible. Do you know the place? Lord Chesterfield? Banning? Shale? It's on the right-hand side, please, your finger on her face. You are foggy little spot with the odd ingenuity, remember that."

"I'd hardly describe a firm statement of principles as part-old Dennis. Good long head. No ing," Dennis said, standing to nonsense about beers and darts.

make himself another drink. "But supposing I did rant. I've got reason to. This trip is more than a holiday for me—it's a war. I don't know, it's a goal I've set for myself. I've planned it for years. Saved the money, found someone to take my place at the hotel, celebrated my Spanish intruder, complied with British money regulations, bought a car, saw about that rigamarole. You'd think I was off for Mars! Listening to linguaphone records, memorizing phrases from Spanish grammars, and their coarse irregular fronds shifted sluggishly with the wind. I said, "Now listen, Dennis, let me repeat my first advice. Don't waste your time in Spain brooding about this place."

"That's easy enough for you to say. You're not the one being and quiet."

Chapter VIII

The Snail was a dark, old villa with large rooms and narrow windows, built with iron grilles. There was a wide terrace, however, and the building was fairly reliable. We sat outside overlooking a large garden which needed attention badly.

The hedges of dwarf cypress hadn't been clipped in months, and their coarse irregular fronds shifted sluggishly with the wind. I said, "Now listen, Dennis, let me repeat my first advice. Don't waste your time in Spain brooding about this place."

"That's easy enough for you to say. You're not the one being and quiet."

"You sound like some squeaking adolescent. Who's laughing at you?"

"She is," Dennis gestured violently toward the Marquesa's villa. "Didn't you see her? Smiling at the odd Englishman? Teasing him? I imagine she'll date me on this for weeks."

"I didn't get that impression. But maybe you deserve it. You haven't exactly behaved like a frangible. Do you know the place? Lord Chesterfield? Banning? Shale? It's on the right-hand side, please, your finger on her face. You are foggy little spot with the odd ingenuity, remember that."

"I'd hardly describe a firm statement of principles as part-old Dennis. Good long head. No ing," Dennis said, standing to nonsense about beers and darts.

in the evening. On the job every minute, keeping accounts, looking after guests. He stood abruptly, and began pacing. "Years went on, and I stood there at the desk watching people and luggage going out into the world. Stickers from Nice and Paris and Madrid and Rome and New York. Everybody on the move but steady old Dennis.

"Somewhere along the line I began planning this trip. Going to make up for all those years with one grand gesture. That's what's funny, I suppose. That I'm stuck in this ridiculous spot, and wish to heaven I'd never left England."

"Well, being practical, what are you going to do?"

"I haven't a clue. There's nothing to do it seems."

He came with me to the gate. Dennis said unexpectedly, "What's the name for shovel in Spanish?"

I told him. "What's on your mind?" I asked.

Dennis filled his lungs with a deep breath. There was a peculiar gleam in his eye. "I'm going to do the job myself," he said.

"What do you mean? What job?"

"The job staring me in the face. I've got three months. I'm going to build this bloody road."

Of course at that time I had no notion he was serious. I felt his bold announcement was a temperamental outburst, like that of a small boy vowing to run off to sea after a spanking.

But that evening when I went down to the Bar Central I found groups on the terrace buzzing with rumors and speculation about some mad Englishman's attempt to repair the road to the Snail. It seems he had bought a pickaxe, a rake and shovel from the hardware store, and had spent most of the afternoon hacking away on the mountain-side. When the news of this drifted down to the village several people had gone up to watch him. According to their reports he wasn't making much headway—or any at all, in fact—but everyone had been impressed or amused by his ferocious determination.

To Be Continued

Five Fatalities in Arkansas

By THE ASSOCIATED PRESS

Five traffic deaths were reported in Arkansas over the 78-hour New Year's weekend — one more death than was predicted by State Police.

The 1961 Arkansas highway death toll was 450, three more than the 1960 count of 447 but far below the state record of 503 set in 1941.

In addition to the five traffic deaths over the New Year's weekend, two persons died in hunting accidents and one died in a fire.

Two men were killed Monday in a head-on collision 3 miles west of De Queen on U.S. Highway 70.

They were James Mize, 41, of Broken Bow, Okla., driver of one car, and Charles A. Shoop, 21, of De Queen, driver of the other. Mize's wife was injured.

Other fatal wrecks were reported at Newport, Conway and Mulberry.

Where's Our Economy Heading?

If you're interested in the future of our economy, here's your chance to get a free booklet that describes the growth potential facing America. "The Promise of America" is a booklet that should be read by every American who wants to know more about our growing economy—what this growth can mean to each of us and what we can do to help make this promise a reality.

U. S. Envoy Talks With Gromyko

By STANLEY JOHNSON

MOSCOW (AP)—U.S. Ambassador J. Lee Thompson and Soviet Foreign Minister Andrei A. Gromyko conferred for 2½ hours today as the first step in a new attempt to find a mutually satisfactory basis for East-West negotiations on Berlin.

The American diplomat, asked if there would be more of his sessions with Gromyko, said, "I suppose so but I do not know when." He declined to say how the meeting went.

Thompson took Kempton Jenkins, embassy second secretary specializing in German affairs, to the meeting. Soviet propaganda chief Leonid Ilyichev was with Gromyko. Since Ilyichev considerably outranks the foreign minister, this could indicate the Russians are already trying to move the talks to a higher level.

Thompson said he would fill in the British and French ambassadors here about the conference. He did not mention the West German ambassador, but it is assumed that he will give him a briefing too.

President Kennedy has instructed Thompson to probe the Soviet position on the Berlin issue to see if there is a profitable basis for formal talks.

Kennedy and the British Prime Minister Harold Macmillan had agreed to have the U.S. ambassador handle the preliminary round for both Britain and the United States. There is a possibility that British Ambassador Sir Frank Roberts may also take a hand.

AP Movie-TV Writer

HOLLYWOOD (AP)—He appeared a different Larry Parks—bearded, serious, mature. But behind the sober look was the same sparkle as when he portrayed Al Jolson in two smash-hit movies.

Parks was in town for a holiday visit with his family and look at his business enterprises. Then he had to return to Munich for the finish of "Freud," his first American-made film in nine years.

What has he been doing in that time? "Working my head off," he said. "I've done a great deal of stage work—summer stock, a year with 'Teahouse of the August Moon,' 'Beg, Borrow or

Steal' on Broadway. I've done television and night clubs. "And I built apartment houses."

Builds them and operates them. He would say how many there were, but said he had put up several apartment houses since last March. Some of his places have as many as 40 units.

"I had planned to start building two places in January, thinking I would be through with 'Freud' by then," he said. "But I won't down the street to see how a real

carpenter put in windows and other things," he said. But they got it built and Parks made \$15,000 on the deal.

Building business was sidetracked for his movie career, which flourished and waned. When the drought set in, he and partner Lewis Mandel began building apartment houses.

The Commander Glacier in British Columbia has traveled 800 feet in the last six years.

Ohio State Is Still Best in the Nation

By JIM HACKLEMAN
Associated Press Sports Writer

If there is any dissension about it, it isn't apparent. Ohio State seems to have convinced everyone it is the undisputed leader in college basketball.

The ten teams the mighty Buckeyes have rolled over so far are convinced. So are the 42 panel members voting in The Associated Press poll. They again named Ohio State the unanimous choice for No. 1 in this week's ballot.

The Buckeyes, deep in talent and experience and with a magnificent leader in Jerry Lucas, swept to three victories and the title in the premier event of the hectic holiday tournament program, the Los Angeles Classic. They beat Washington, UCLA and nationally ranked Southern California.

Cincinnati (10-1), Kansas State (10-1), Kentucky (8-1) and Duke (8-1) bolstered their national ratings with a successful week. Villanova (11-0), Mississippi State (9-0) and Bowling Green (8-1) climbed into the top ten with tournament triumphs. Southern Cal (9-2) and Duquesne (8-1) slipped in the rankings, and West Virginia (7-1), Wichita (10-2) and Purdue (7-2) fell out entirely.

Cincinnati took a firmer grip on second place by beating St. John's, LaSalle and Wisconsin in the Holiday Festival at New York. Kentucky jumped from sixth to third after victories over Yale and Notre Dame. Kansas State advanced one place to fourth following decisions over Nebraska, Missouri and Iowa State in the Big Eight tourney, and Duke's 75-73 squeaker over Wake Forest moved the Blue Devils from tenth to eighth.

Villanova powered its way from nowhere to No. 5 on the strength of three impressive performances in the Quaker City tournament in Philadelphia. The spirited Wildcats knocked over Niagara, Duquesne and Iowa. Mississippi State stretched its winning string to nine by trimming Maryland and Louisiana State in the Sugar Bowl and grabbed the ninth spot. Bowling Green took over No. 10 after clipping a strong field in the All-College tournament. The Falcons scored over Seattle, Wichita and Houston.

With its sweep of all 42 first place votes, Ohio State gained the maximum of 420 points, based on ten for first, nine for second and so on. Cincinnati was a near unanimous choice for runnerup, collecting 357 points out of a possible 378.

- The top ten:
1. Ohio State
 2. Cincinnati
 3. Kentucky
 4. Kansas State
 5. Villanova
 6. Southern California
 7. Duquesne
 8. Duke
 9. Mississippi State
 10. Bowling Green

When to Fish or Hunt Solunar Tables

By John Alden Knight

The schedule of Solunar period as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The Major periods are shown in bold face type. These begin at the time shown and last for an hour and a half or two hours thereafter. The minor periods, shown in regular type, are of somewhat shorter duration.

	Minor	Major	Minor	Major
Tues.	1:45	7:50	2:00	8:20
Wed.	2:35	8:45	2:55	9:15

Paul Dietzel Ponders Job at the Point

By BOB HOOBING
Associated Press Sports Writer

MIAMI, Fla. (AP) — While Coach Paul Dietzel ponders an offer to rescue Army football, speculation grows today he will leave his Louisiana State powerhouse and answer the call from West Point.

After LSU defeated Colorado 25-7 in the Orange Bowl, Monday Dietzel retained his poise and remained noncommittal in a shower of pressure from all sides.

"Concerning my move to Army, I put it out of my mind until this game was over," the 37-year-old ex-Army assistant said. "Now I'll give it my full consideration. I have no further comment."

If Dietzel makes the move suspected, he is in no position to be definite. First, the West Point Superintendent, Maj. Gen. W. C. Westmoreland will announce the successor to Dale Hall—fired Dec. 9—which he hopes to do this week.

Second, LSU officials say Dietzel has not requested release from his \$18,500 a year contract which still has four years to run.

Dietzel persistently refused to admit he had received a direct offer from Army, but most everyone else felt he had.

Report of Plane Crash Checked

NASHVILLE, Ark. (AP)—State Police checked out a report of a plane crash 20 miles northwest of here Sunday. They found a piece of sheet metal, caught in a tree, flapping in the wind. An unidentified person informed the Civil Air Patrol of the supposed crash.

NOSE BLOCK—Jim McCormick of West Virginia runs nose-first into the outstretched arms of Richmond's Jim Telephon Morgantown on his way to contribute two more points to a steadily mounting Mountaineer score.

K. C. Steers Head New Cage Loop

By THE ASSOCIATED PRESS

The Kansas City Steers have snapped the most impressive winning streak compiled during the first part of the American Basketball League's inaugural season and ballooned their lead to 3 1/2 games in the Western Division.

Playing a sub-par San Francisco team that had three players hampered by injuries, the Steers rolled to a 107-93 victory Monday night, ended the Saints' 10-game victory string at home and padded their first-place edge over idle Los Angeles.

Meanwhile, Cleveland and Pittsburgh remained in a tie for the top spot in the East. The Pipers whipped Chicago's Majors 117-99 and the Rens defeated the Hawaii Chiefs 106-87 in the other games scheduled.

The Steers, led by Bill Bridges and Nick Mantis who split 40 points, built a 24-point lead against the Saints at one point and breezed to their 24th win in 34 games—the best record in the ABL.

Convict Tells of Deal to Recover Loot

LYNN, Mass. (AP)—A Mississippi convict was incommunicado today as FBI agents checked his story he was given leave from prison, an expensive car and a loaded weapon to recover robbery loot of \$500,000.

Kimble Berry, 24, of Greenville, Miss., told his story to Lynn police after coming to Massachusetts to stay with a brother.

He said he was promised a pardon if he would get the loot from a Keiser, Ark., bank safe deposit box. But he said when he went to the bank, with a power of attorney to open the box, he was frightened away when he saw two men apparently armed, in front of the building.

An official of the bank reported that there are no safe deposit boxes in the bank, the only one in the town.

Berry said he was called to the Parchman, Miss., prison office where the proposition was outlined in the presence of a man who identified himself as a Mississippi state official.

Lynn police impounded the car and papers Berry brought to Lynn. They said they were impressed by his story, and that the FBI was investigating it. The FBI offices in Boston and Washington refused comment.

In Greenville, Prison Supt. Fred Jones called Berry's story a lie, though he confirmed that Berry had been a fellow prisoner of Aubrey Botts, who is serving a 59-year sentence for the \$300,000 robbery of a Hattiesburg, Miss., construction firm last May 8.

Jones said Berry was released from the prison on a routine 10-day Christmas leave. He said Berry was overdue, and that a bench warrant had been issued for him.

Jones said Botts apparently wanted to get the loot back so he could seek a reduction in his sentence.

Congressman of S. C. Dies

MYRTLE BEACH, S.C. (AP)—Rep. John J. Riley, D-S.C., veteran congressman from South Carolina's 2nd District, died at his nearby beach cottage of a heart attack early today. He was 66.

Riley lived at Sumter, about 95 miles west of here, but he often visited his cottage at Surfside Beach, 13 miles southwest of Myrtle Beach.

Riley had served eight terms in Congress and was first elected to the 79th Congress in 1945 to succeed the late H. P. Fulmer of Orangeburg. He served two terms before he was defeated by Hugo S. Sims Jr., who lost to Riley in a bid to succeed himself in the next congressional election. Riley then was re-elected six times.

Charger assistant, Alworth was Oakland's second choice in the AFL player draft, but Davis said the Chargers "swapped several players" for the speedy player.

In Oakland, Raider General Manager Wes Fry said his team got four Chargers for rights to Alworth. He said Oakland has decided on two, but hasn't picked the others and did not announce any names.

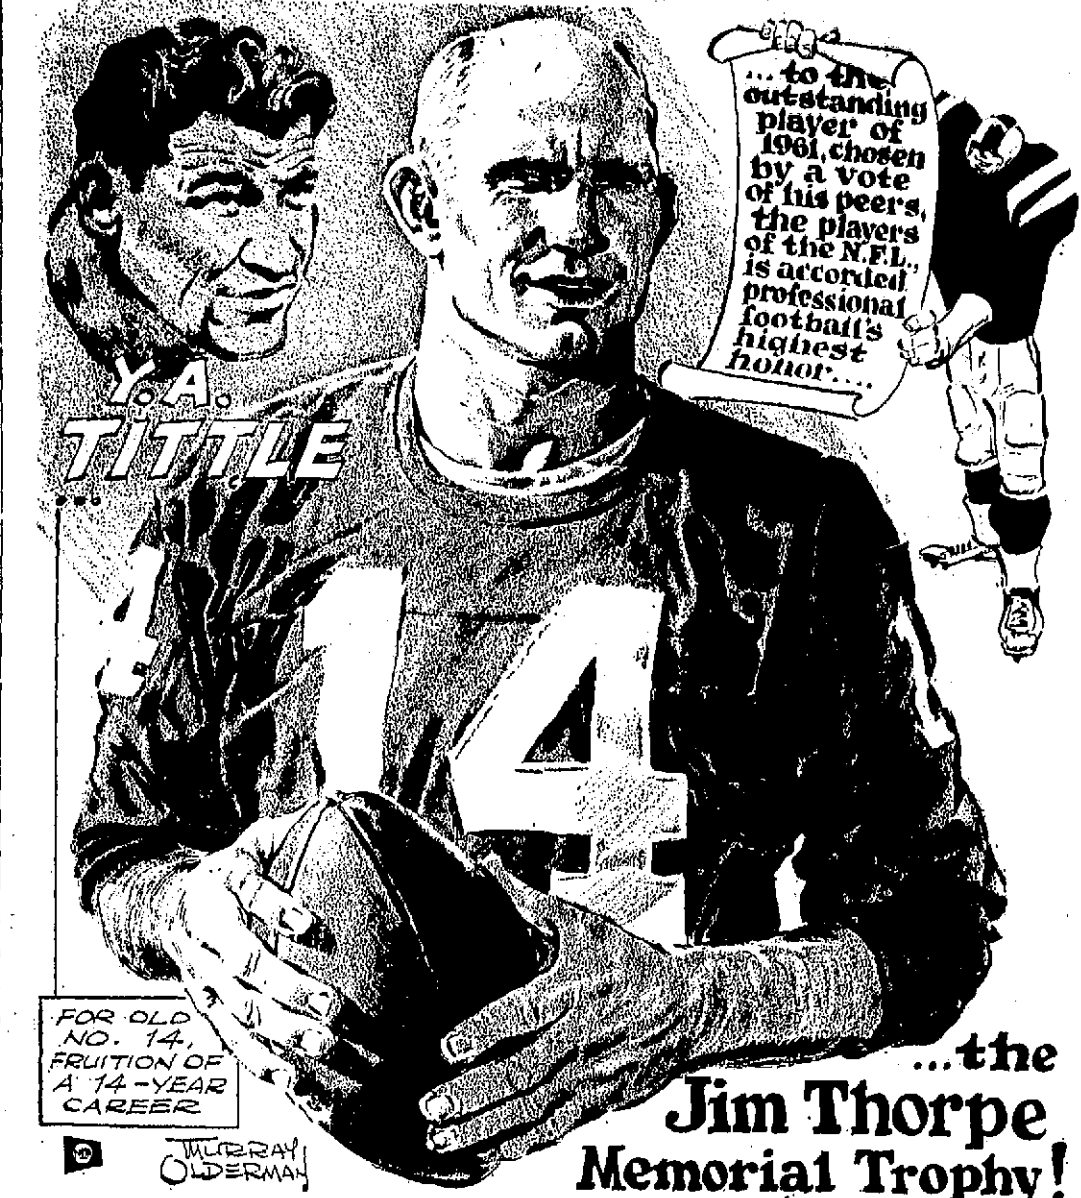

In San Diego, a spokesman for the Chargers said Alworth probably would be used at end. Alworth shined as a pass receiver for Arkansas in addition to his speed on ground plays.

"You know, Alworth was our No. 1 choice in that secret draft," said Davis, referring to the controversial AFL selections which Commissioner Joe Foss held invalid.

"We've been real lucky at the Sugar Bowl," smiled Davis. "In three years, we've signed three top players here—Charley Flowers in 1959, George Blair last year, and now Alworth. And they're all from Mississippi."

Both Flowers, a fullback, and Blair, a halfback, played college football at Ole Miss.

HONOR SCROLL

Alabama Edges Porks; Texas, LSU Winners

By ED CORRIGAN
Associated Press Sports Writer

Alabama's convincing Sugar Bowl victory over Arkansas left the Crimson Tide still towering over the field today as the No. 1 college football team in the country.

Alabama's 10-3 decision in New Orleans Monday turned out to be pretty much of a routine job—a rock-ribbed defense and enough offense to keep the enemy off balance.

But if Alabama didn't get much satisfaction out of its Sugar Bowl victory, Minnesota and Texas, two other bowl victors, were walking on air.

Minnesota defeated UCLA in the Rose Bowl 21-3 to make amends for its loss a year ago. The Gophers got in the back door when Big Ten champion Ohio State declined a bid.

Texas, playing before a home crowd in Dallas in the Cotton Bowl, defeated Mississippi 12-7. Ole Miss was installed as a 3 1/2 point favorite. The Rebels were the only favorite to go down.

Louisiana State polished off Colorado as expected 25-7 in the rain in Miami's Orange Bowl.

Alabama managed to score only one touchdown, and that is a tribute to Arkansas. It came in the first period when Pat Trammell clinched a 79-yard march by going over from the 12. The big gain during the drive was a 43-yard jaunt by Mike Fracchia, who shrugged off a broken nose to play.

Tim Davis added a field goal and Mickey Cissell kicked one for Arkansas.

Alabama coach Bear Bryant said he had "nine heart attacks" during the game.

"Arkansas was in better shape than we were and we were prepared for us," he added.

"It was their defense," said Arkansas Coach Frank Broyles. "We couldn't move the ball on the ground."

Minnesota lost last year's Bear Bowl game to Washington, 17-7. This, combined with the fact they were the second choice, made the game a critical one for the Gophers.

All-American Sandy Stephens was the big gun for Minnesota, scoring two touchdowns, both on line bucks. Bill Munsey plunged over from the 3 for the other. Bobby Smith kicked a 23-yard field goal for UCLA in the first period.

"This squad heard a lot about that loss to Washington for a solid year," said Minnesota Coach Murray Warmath. "I guess the boys were as tired as I was listening to it."

Said UCLA Coach Bill Barnes: "Minnesota didn't run a lot with anything. They just overpowered you. They have a big strong line, and can move anybody around."

Texas' big problem was to stop Mississippi's ace passer Glyn Griffing. The problem was solved and that spelled the difference. Griffing did connect with Reed Davis on a 20-yard flip in the end zone in the third quarter for the Rebels' only touchdown, but otherwise spent a frustrating day.

The Rebels, for their part, pretty well bottled up All-American Jim Saxton. He bucked over from the 1 for the first Longhorn score, and now Alworth. And they're all from Mississippi.

Both Flowers, a fullback, and Blair, a halfback, played college football at Ole Miss.

Lakers Slated to Lose Star Player

By THE ASSOCIATED PRESS

The Los Angeles Lakers, Western Division leaders of the National Basketball Association, are slated to lose All-Star Elgin Baylor to the U.S. Army today.

Baylor, the league's second leading scorer with a 38 point average, is due to report for Army duty at Ft. Lewis, Wash.

Baylor's final game as a civilian was a Los Angeles victory. The Lakers turned back the Philadelphia Warriors 114-111 at Los Angeles Monday night.

The former Seattle star, in his fourth season in the NBA, collected 33 points but yielded scoring honors to teammate Jerry West who hit for 38.

In other games Monday night, the Syracuse Nats defeated the Cincinnati Royals 110-106 and the St. Louis Hawks whipped the Detroit Pistons 145-139.

The Lakers opened up a 9 1/2 game lead over Cincinnati in the Western Division in beating Philadelphia for the fifth time in eight meetings.

4,000 Troops to Germany in Jan.

WASHINGTON (AP)—About 4,000 additional U.S. soldiers in two infantry battle groups will be flown to Germany in mid-January, informed sources report.

Also involved in the move will be Air Force planes and their crews. They will come from several bases around the country.

It was understood that the two 4th Infantry Division, a regular Army outfit based at Ft. Leavenworth, Kan., and the 1st Cavalry Division, based at Ft. Benning, Ga., were the units involved.

The population of Algeria is 10,640,000.

HE'S COMING 'ROUND THE MOUNTAIN

Green Bay Players Pick Up \$5,195

By PAUL CLIFFORD

GREEN BAY, Wis. (AP)—The National Football League champion Green Bay Packers settled down today, protected against a long, cold winter by the glow of success—their resounding 37-0 triumph over the New York Giants.

The Packers also were snug in the high temperatures of prosperity, their individual shares of \$5,195.44 from the receipts of Sunday's game. They agreed it was great to do business with the Giants.

So did the players' wives, wrapped in the warmth of pink stoles presented by the Green Bay management when the club won the Western Division title a month ago, also by beating the Giants.

The new crown is the seventh championship for the Packers and the first won at home since the club entered the league as a charter member in 1921.

The title was the first for Green Bay since beating the Giants in New York in 1944, and it was the climax of a complete rebuilding begun three years ago when Vince Lombardi quit as a Giant assistant coach to become coach and general manager of the Packers.

The conquest came on a combination of a battering Packers defense that created opportunities and a sparkling offense that cashed in on them.

The Packers defensive unit held the New Yorkers to 31 yards rushing, 119 in the air and six first downs. The defensive corps grabbed four Giant passes and recovered one New York fumble.

The Packers offense, directed by quarterback Bart Starr and sparked by halfback Paul Hornung, did the rest.

Starr's play calling produced 19 first downs, gained 181 yards, on the ground and 164 in the air. Starr passed for three touchdowns, and when his passes were not wrecking the Giants, Hornung was running through big holes in the New York line.

Hornung, on leave from his jeep-driving chores with the Army at Ft. Riley, Kan., carried the burden of the ground attack.

Hornung, the league's most valuable player in the past season and its scoring leader for the past three years, carried 20 times for 89 yards. He scored 19 points, setting an individual title game record. He scored one touchdown, booted four extra points and kicked three field goals to break the mark of 18 set by Cleveland's Otto Graham in the 1954 game with Detroit.

Each Giant received \$3,339.95 as his share of the gate.

Russellville Plant Has New Manager

RUSSELLVILLE, Ark. (AP)—Appointment of Ralph T. Mackenzie of Dallas, Tex., as executive vice president and general manager of Further Processing, Inc., here was announced today.

Mackenzie has been associated for 25 years with U.S. Cold Storage Corp., of Chicago, serving recently as head of the firm's Texas division.

FPI is an independent applied research center for new poultry, meat and seafood products. A new building for experimental food processing is nearing completion. The firm develops food processing techniques for clients over the nation.

Thought For The Day:

What can be more foolish than to think that all this rare fabric of heaven and earth could come by chance, when all the skill of art is not able to make an oyster - Jeremy Taylor.

CALENDAR OF EVENTS

The Yerger Band Mothers Club will hold its regular meeting Wednesday Jan. 3 at 7:30 p.m. in the Band Building. All members are asked to be present.

The Hope Civic Improvement Association will meet at Hicks Funeral Home Thursday, Jan. 4, at 7:30 p.m. The president asks all members and interested persons to be present.

Coming and Going

Mr. and Mrs. Jimmie Allen and family had as guests during the holidays, his mother Mrs. Pinkie Moore, his sister Geraldine Moore and his brother, Rubin Moore and Mrs. Hearne all of Dallas.

Mr. Addie Hayden of Dallas, Ark. and Mrs. J. P. Davis of Seavey, Ark. were holiday guests of Mrs. Hayden's mother, Mrs. Ella Frierson. She also visited her daughters, Mrs. Onzie Hogen and Mrs. Helen Allen and family.

Miss Imogene Arnold of Kenett, Ark. was weekend guest of Mr. and Mrs. Sylvester Lawson and family.

Mrs. Doshia Beasley and daughter Mrs. Geraldine Smith, of Fulton and Mrs. Harriet Robinson of Los Angeles were guests of Mrs. Lethia Lawson on Monday. Mrs. Lawson also had as dinner guests her grandchildren, Marva Jo, Julius and Juanita Fay, Reed of Emmet.

Mrs. Persie Turner had as holiday guests Zella Turner and her daughter, Mrs. Mildred Ogden, her son, Sammie Turner and Theo Watts all of Flint, Mich. and her daughter, Miss Helen Turner of Little Rock.

Miss Minnie Bell McKillion has returned to Dallas Tex. where she is a freshman at Bishop College.

Miss Marian Hicks and Will Rutherford Jr. left Monday enroute to Tuskegee, Ala. where they are freshmen at Tuskegee Institute.

Obituary Notice

Word has been received that Mrs. Frances Rankin, daughter of Rev. and Mrs. Arthur Rankin, former residents of Hope, died in Philadelphia, Pa.

Funeral services will be held in Philadelphia. Messages may be sent to the family at 3105 Haverford, Philadelphia 4, Pa.

Van Buren May Lose State Aid

LITTLE ROCK (AP)—The state Assessment Co-ordination Division said today that Van Buren County will lose 5.55 per cent of its state turnback aid because its property assessments are below 18 per cent.

All school districts, city and county governments will lose the aid because the assessment total was only 17 per cent, Jack Cato, ACD director said.

Cato said two other counties—Washington and Cleburne—failed to meet the Oct. 1 deadline for filing assessment reports. He said he would ask the attorney general's office to rule if they should be penalized.

State law requires that assessments be pegged at 20 per cent of actual value, but no penalty is provided unless the ratio falls below 18 per cent.

Cato said 32 counties reached the 20 per cent level in 1961 with Randolph the highest at 22 per cent. Stone and Fulton hit 21.

Cato said Van Buren failed to meet the required level because its rural property was underassessed. The county can recover the lost aid by bringing assessments up to 18 per cent within one year.

Savers Finger

LONDON (AP)—The tip of Van Johnson's left middle finger was stitched back on Monday night after the actor severed it in a door while performing in "The Music Man." Johnson hopes to return to his leading role in the musical tonight.

Story Untrue, Mississippi Declares

LYNN, Mass. (AP)—A Mississippi convict who says he was given a leave of absence from prison to recover \$500,000 stolen in a robbery, was arrested today as a fugitive.

Mississippi police said the convict's story was not true. Kimble Berry, 24, of Greenville, Miss., was picked up at the Lynn home of his brother on a warrant signed by Arthur B. Clark Jr., judge of the Fourth Circuit Court of Mississippi. The warrant asked Lynn police to return him to Mississippi authorities.

Berry said he went to Lynn police voluntarily about two weeks ago and told them what he described as the true version of his departure from the prison at Parchman, Miss.

He was quoted by police as saying he was given a 10-day leave, and supplied with a loaded gun and a \$7,000 automobile to go to a Keiser, Ark., bank to recover the alleged loot and return to prison.

Berry said also he was promised a pardon if he successfully completed his mission. He had only five months to serve in an 8-year sentence on a manslaughter conviction.

The reputed loot was from a robbery last May at a Hattiesburg, Miss., construction firm in which \$15,000-\$20,000 in cash, about \$280,000 in negotiable securities and about \$230,000 in promissory notes were taken.

Berry was not involved in the robbery. Fred Jones, superintendent of the Mississippi prison said Berry was lying in his story to Lynn police.

He said Aubrey Botts, serving 59 years for the robbery, apparently had given Berry instructions to pick up the loot. Jones said Berry and Botts were dormitory mates at the prison.

Jones said a warrant was issued for Berry's arrest when he overstayed what the superintendent described as a 10-day annual Christmas leave from the prison.

Electrical Strike Delayed

NEW YORK (AP)—A threatened strike by 9,000 electrical workers, which could tie up the city's \$1.25 billion construction industry, was postponed today until Jan. 10. Negotiations with employers were to resume later in the day.

The postponement was announced in State Supreme Court, where a hearing had been scheduled on an employer request for an injunction to prevent a strike.

Herman L. Weisman, counsel for some 600 electrical contracting concerns told the court that during the weekend and management representatives had agreed to resume negotiations. As a result, he said, the injunction action was being withdrawn.

The electricians are members of Local 3 of the International Brotherhood of Electrical Workers. They are seeking a 5-day, 20-hour week to replace the present 5-day, 30-hour week with which workers put in an extra hour daily at time-and-a-half pay. Other benefits also are sought.

Thinks Dutch Has Stepped Forward

WASHINGTON (AP)—U.S. officials described as a step forward the announcement by the Netherlands government today that it is willing to discuss the future of West New Guinea without insisting on prior conditions.

They expressed confidence that both the Indonesian and Dutch governments will maintain flexibility to permit a settlement of the dispute without resort to force.

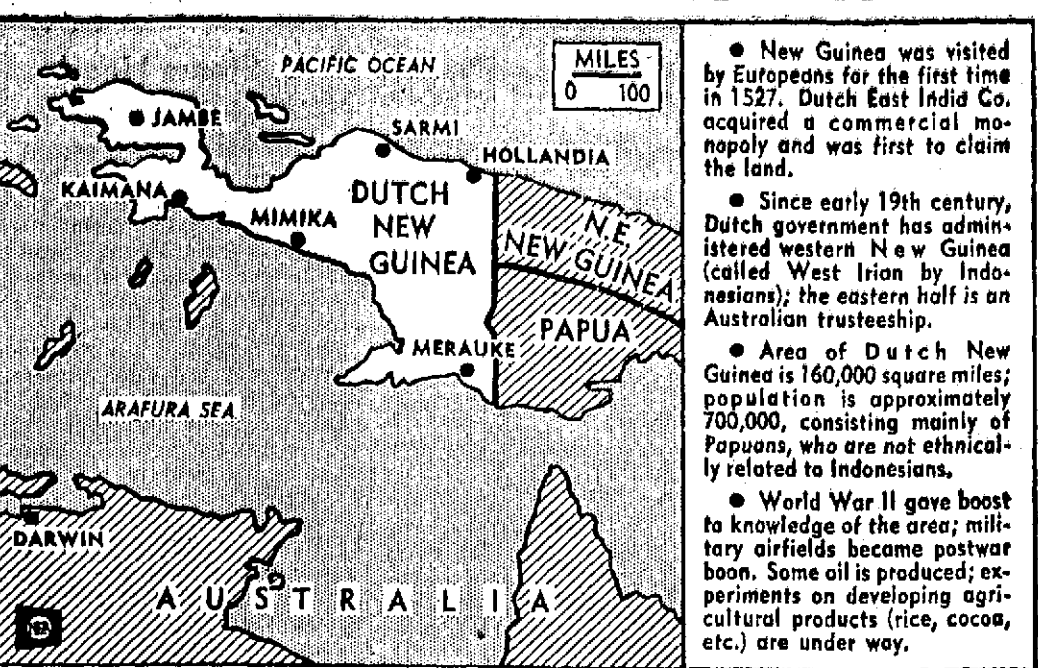

West New Guinea is all that remains to the Dutch of their once vast East Indies colonial empire. Indonesia, which won independence after World War II, is claiming it and has threatened to use force to take it.

The United States has worked to bring both sides together in an effort to find a mutually acceptable solution.

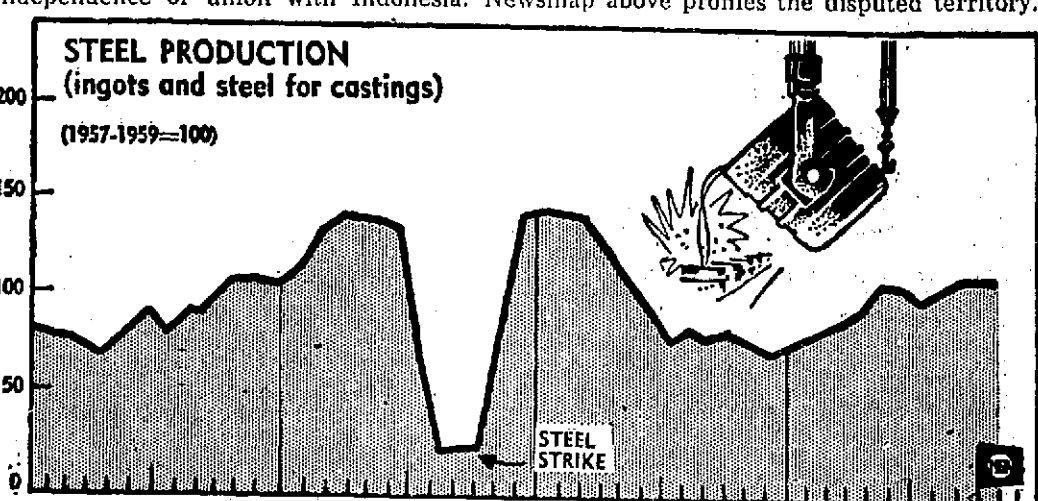

Dixon-Yates Sells Site to AP&L

LITTLE ROCK (AP)—Arkansas Power & Light Co. announced Saturday purchase of a 400-acre Mississippi River tract near West Memphis for future development. The site was originally developed for the proposed Dixon-Yates power plant in 1951. No purchase price was announced.

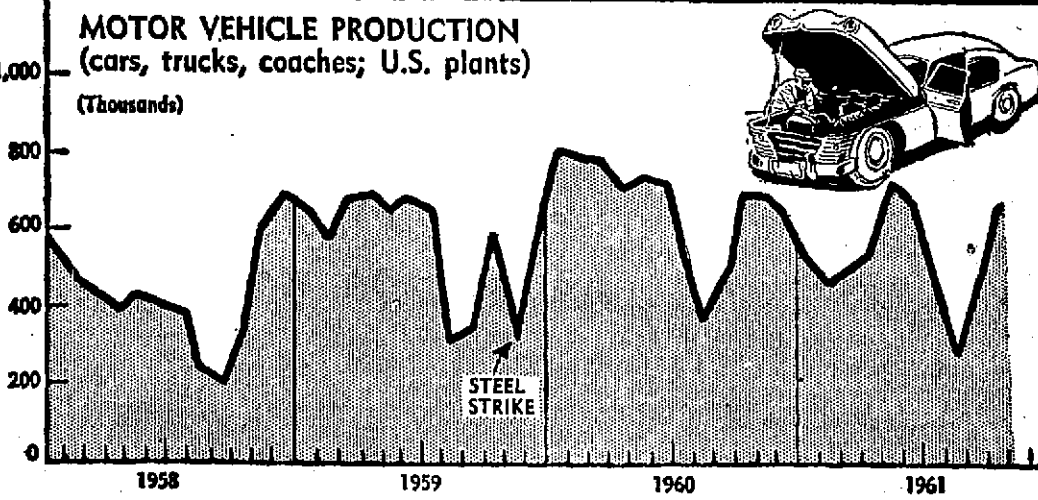

The setting for Robert Louis Stevenson's "Treasure Island" was the Isle of Pines off the coast of Cuba.

NEW GUINEA GRAPPLE—When the Netherlands turned over its former East Indian possessions to the new Republic of Indonesia in 1949, its territory on the jungle island of New Guinea was not included. Indonesia has claimed it ever since. Possibly emboldened by India's take-over of Portuguese Goa, 500,000 Indonesian troops are reported poised to invade Dutch New Guinea, where the Netherlands has 5,000 men. The United Nations has rejected the Dutch application for a native plebiscite to choose between independence or union with Indonesia. Newsmap above profiles the disputed territory.

MORE STEEL IN '61—Steel production bettered its last-half 1960 production all through the year, with a midsummer slump the only downturn of significance in the 1961 picture. Data from U.S. Department of Commerce publication, "Business Statistics."

BACK IN HIGH GEAR—Summer auto strikes put a deep gash in the motor vehicle production picture for 1961, but autos, trucks and coaches roared back in latter part of the year. Data: "Business Statistics," from the U.S. Department of Commerce reports.

Craft Unions Fear Policies of Reuther

WASHINGTON (AP)—All the craft unions that once belonged to the AFL-CIO Industrial Union Department now have pulled out. The latest to leave is the International Brotherhood of Electrical Workers.

Gordon Freeman, IBEW president, announced Monday without elaboration that the IBEW was discontinuing its affiliation with the IUD.

Most of the craft unions have left because of disagreement with policies of Walter P. Reuther, president of the IUD and the United Auto Workers Union.

The seceding unions include the carpenters, plumbers, plasterers, painters, boilermakers, iron workers and operating engineers.

This has brought the IUD membership down from a claimed top of 7.2 million originally, comprising 69 unions, to a present claimed membership of 5.7 million, comprising 59 unions.

The craft unions originally organized on the basis of particular job skills. The industrial unions typically represent workers of entire plants or industries regardless of craft or skill.

The former AFL unions and former CIO unions never have been able to reconcile their conflicting jurisdiction claims and work rights rivalries.

At its recent convention, the AFL-CIO adopted new machinery involving use of arbitration for inter-union squabbles, but despite the expressed high hopes of leaders of all factions, the system has yet to be tested.

Youth Saves His Younger Brothers

BRAINTREE, Mass. (AP)—Stephen Lyon, 13, inched out on the edge of Montauk River toward a hole 10 feet from shore where brothers David and Mark Barry struggled in the water.

Carefully Stephen extended a hand, seized Mark, 8, and lifted him to firm ice. A moment later he hauled David, 11, to safety.

The three boys had been coasting on the ninth fairway at the Braitree Municipal Golf Club. Mark's sled coasted onto the ice at the bottom of the hill and dropped into the hole. As the younger brother clung to the edge of the ice, David went to his aid and slipped in, too.

SCENTIMENTAL—Her movie eyes set upon a young career, Oriental actress Thien Hong graces a party on Rome's Via Veneto. In her native Viet Nam, her name means "Heavenly Perfume."

Castro Names a Vatican Envoy

VATICAN CITY (AP)—Prime Minister Fidel Castro has appointed a new ambassador to the Vatican in an apparent move to ease strained relations between his pro-Communist regime in Cuba and the Roman Catholic Church.

Castro's appointment of Luis den Osvaldo Dorticos, 46, became known today with the routine publication of the 1962 directory of the diplomatic corps accredited to the Vatican.

The previous Cuban envoy, Dr. Jose Ruiz Velasco, presented his credentials in March 1960. He was recalled by Castro less than nine months later.

Castro's ouster of several Roman Catholic priests from Cuba was widely reported.

Proclamation

MAYORS PROCLAMATION

WHEREAS The National Foundation supports a dynamic program, which produced two vaccines to prevent polio, and may one day lead to prevention of crippling birth defects and arthritis and

WHEREAS birth defects is our nation's major unmet childhood medical problem, with more than a quarter of a million children afflicted annually, and

WHEREAS arthritis and related rheumatic disease constitute the nation's No. 1 crippling, disabling more people than any other disease, and

WHEREAS polio, although it can be checked by available vaccine, is still a threat to millions who have not yet been protected by vaccination and

WHEREAS the great tradition of the American people is to work through vigorous, volunteer action against such menaces to the health of their children and their communities and

WHEREAS The National Foundation leads the way in the fight against crippling diseases through research, direct patient aid, professional and public education, and

WHEREAS the National Foundation's broad, expanded program developed through years of experience and achievement as a voluntary health organization, provides real hope of eventual victory over disabling disease.

THEREFORE, Be it resolved that I, Frank Douglas, Mayor of the City of Hope, do hereby proclaim January, 1962, New March of Dimes Month and urge all citizens of this City to give your services and support to this campaign in the firm belief that your Dimes will Do It Again.

Ship Without Power at Sea

NEW ORLEANS, La., (AP)—A 300-foot general cargo ship reported itself adrift in the Gulf of Mexico without power early today, then its radio went dead.

The Coast Guard reported that one of its search planes failed to locate the vessel, the Catalina S., in a position given in earlier distress calls. It added that this did not necessarily mean that the ship was lost since it could have widely miscalculated its position.

The Catalina S. is of Panamanian registry. The destination of the vessel and number of persons aboard were not learned.

Best Wishes Sent to Cuban People

HAVANA (AP)—A New Year's message from Pope John XXIII expressing "sincere hopes for Christian prosperity for the beloved Cuban people" was published in Havana newspapers today.

The brief message replied to a New Year's greeting from President Osvaldo Dorticos. It acknowledged Dorticos' message of best wishes.

Dies in Fire

FORT SMITH, Ark. (AP)—Mrs. Ollie Conner Finney, 66, was fatally burned and a man burned critically Monday in a fire which destroyed a home here.

George Beagle was reported in critical condition in a hospital. Beagle's wife and several children escaped unharmed.

parade that included radar artillery-aiming devices and double-barreled anti-aircraft guns, all from the Soviet bloc.

There was a infantry or militia in the parade this year. Castro wore a parka over his uniform as a shield against a cool north wind. He was flanked by President Osvaldo Dorticos, and Blas Roca, the Cuban Communist party leader.

In a speech after the parade, Castro declared it was "Yankee imperialism" that forced him to lead to further strain between the Vatican and Havana, and by last summer relations between the two appeared near the breaking point.

The prime minister asserted Cuba never would pose a military threat to any other nation.
